On February 9th, 2011 Green Wednesdays is screening **“Chemerical: Redefining Clean for a New Generation”**, a video documentary that tells a shocking tale about the products we use to clean our homes and bodies. Chemerical tackles the “Toxic debate” in a truly informative and entertaining way, not only by raising awareness, but most importantly, by providing simple solutions.

In addition, Green Wednesdays has partnered with Stacy

Malkan, co-founder of the Safe Cosmetics Campaign. Free resource material will be available as well as a chance to win 1 of 3 autographed copies of her award-winning book, **Not Just a Pretty Face:**

**The Ugly Side of the Beauty Industry**  
(New Society Publishers, 2007)
